

SHELLOOO TO SHELLS

Construct a creature.

1. Where do you think this creature would live?
2. How does it get its food? Is it a predator or scavenger? Does it have any special body parts to help it capture or find food? What does it eat?
3. What eats your creature? How does it protect itself?
4. Does it move? If it does, how?
5. Name your creature.
